ON THE **HOTROCKS** EXPERIENCE

Your meat, your way, on your own volcanic rock. Your rock comes super-heated in our special ovens to 440 degrees, and arrives on its own individual bamboo board. Did you know, lava rocks don't require the use of any oils or fats, leading to a healthier, lighter way of eating.

Each Hot Rocks Experience dish includes one side, and one serving of gravy.

Please note our grilled specials can also be served on plates instead of the lava stone option.
